## *Consignment Sale*

### OF *Select* Milking Shorthorns

STATE FAIRGROUNDS

Des Moines,  Iowa

TUESDAY  
September 23, 1958

12:00 NOON

Auctioneer  
MITCH VANDER TUIG  
Primghar, Iowa

Ringman  
WALTER KRUSE  
Sheldon, Iowa

## FOREWORD

Members of the state sale committee of the Iowa Milking Shorthorn Society, Incorporated are proud to present this group of cattle for your approval. Most of these cattle are just in their working clothes—the condition that will do the buyer the most good.

In addition to bulls good enough to head a good herd, you will find females to fit most every need—fresh cows with calves at foot, heavy springers, bred heifers, open heifers and baby calves.

As special encouragement to interest junior members, the State Society is furnishing a certificate to any bona fide 4-H or FFA member. This certificate is good for \$10.00 on the purchase of any animal in the sale. If interested consult your Vocational Agricultural teacher or your County Youth Extension Director.

(Some additional animals are expected for the sale. Their pedigrees arrived too late to be included, but will be presented sale day.)

WALLACE F. MCKEE, SECRETARY,  
IOWA MILKING SHORTHORN SOCIETY

## GUARANTEE

### APPROVED BY THE AMERICAN MILKING SHORTHORN SOCIETY

Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

All bulls sold as separate lots are guaranteed breeders, provided they are not allowed to serve when under 14 months of age or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

Cows with own calves under four months of age by side are considered proven breeders. All other cows and heifers are guaranteed breeders, except that calves sold by side of the dam as one lot and heifers under 16 months of age at the time of the sale are not guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows and heifers bred for more than three months, according to the service date furnished at the time of sale, but not proving in calf, must be reported to the seller within three months after date of sale; all others served within three months prior to the date of sale, not settled or proving to be in calf must be reported within six months. Females over 16 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

Any animal not proving up to the foregoing guarantee shall be replaced with another of equal value at the time of purchase to the satisfaction of the purchaser, but the seller may, if he desires, have the animal returned for a retrial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, the purchaser shall be given the option of having the purchase price refunded without interest, or of accepting a substitute as stipulated above. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply upon any animal later substituted.

All animals are sold subject to a 60-day retest for tuberculosis, or to comply with the laws regulating tuberculosis of the State or Country into which they be shipped. Animals shall be segregated from the buyer's herd until the retest is made except the herd be a Federal Accredited one. All tests for tuberculosis, either before sale or retest, shall be made by a Federal or State Veterinarian, or veterinarian deputized and qualified to do accredited herd testing. Purchase price to be promptly refunded upon proof of reaction, except that the purchaser shall agree to accept a substitute. All animals tested for Bang's Disease and health chart furnished with each animal.

Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale and without trouble to the purchaser, but at his risk of loss or injury after being bid off.

Terms: Cash. These terms to be complied with before the cattle leave the premises.

NOT RESPONSIBLE FOR ACCIDENTS.
